!! 1850

Shinner, Hugh - Alexander - original ms 1849 (v. tit. 77 pp)

D. of an ov of for Herman Munnant to Calif 5/4/49 to 1/10/50
90 pp. 16 cm. ms - to read last 12 pp. reverse + insert

from SL

5/4 left H - on to St. Paul by co. Es, c. 300

5/7 of overtake to Kemmer, we passed a whole lot of fall land, & a
Calif E was seized by disease & train

[5/11] Got off the boat at I. Landing back 75 to, coming in & crossing
to town it was - waited 1/2 hr detail by the water. Herman was coming up
+ we all started mo.

5/12 Paul BB - it emerge from, ms on l. l. can be

5/13 Got off early up on beans for chick - D. under her yielded to medicine
Bull team - walk across - the hill of pin new - plow on
hilly & strong opportunity abundant material for the British ms.
man over them showed by a cutting - half across down

Ships

5/14 15 id a to f ky - thengenge crack

5/16 Kaw - young chick carry over 100 yr old at St. Paul 2 other
times above - found for me - und of bundle at SL - you hubbub
found corral or circle

Ships

5/17 I hunt of brush & mats were on the fly

5/19 Lay by - Substitute

5/20 LB, size of houset

5/21 near BB - G of all were TD

5/22 storms - ye STJ & to roads, card stuck off the stick, Uncle
Bill found a man - up the train we is up - now 4 ways
2 German up low packed

5/23 5/24 oxen tr about as far - day as horses & mule - for been
undulity - B. once

5/26 one up by Uncle Bill, found him to of 17 ways - up a long way
one low acq. of route, of the Ca

5/27 Capt Fraser, already has skins, my mats Sam Foster (then clutter)
from them, learn Leis to 3 day about - capt Chay is, you
the fish, powder about - single & particular drive

5/28 over write - dead - unseen ms of up - small or old

GI, piece of giant of is - up 3 m below FK - thous of valley
or more 2 m wide - dropped a lot - box in FK, 5 or 6 pages
(to find) - a poor place for fort, 2 by from has, 1 one - corner
of water of a hospital - a set down (?) with a few ash, some
ls of water

1849?

5/28, 29, 30, 31 - So much similarity to skate no attempts
6/11 same - 200 eggs - syria, & me to same birds packers
/ more fairly 1000 eggs + at least 1000 hard shells - syria -
many eggs at same other side of river - eggs are cheap MS (?)
+ that to road precedes of FLW (?) (but not me)

Uncle Bill became disinterested of some of co. today, & left to train
6/2 Uncle Bill became disinterested of some of co. today, & left to train
they took of taking his back to FLW 100 mi

6/3 Came to SFP, for load. 3/4 mile 50 eggs - water at
one time. Crossing obliquely down to stream

6/4 Grand hills to NFP. - 3 mi - Left Bottom & took to hill

6/5 rain delay - up & down

6/6 for flowers, & these scattered (?) - local rocks not yet -
blooms - left river open & climbed up - steep & high hill near to
most broken & crushed road yet. Of ice in to river was encountered some
spring of water coming from bluffs. On top the hill to of a last year's
water, growth of green cedar bushes - descended hill to the hollow.
It is level at bottom - grass prairie, black shards of rock

GH

6/7 near to is - drove the two horses, like back and
by dog scuffle - some ways, truly only seeing vs checked

6/8 Saw was up his eyes, child & dogs; Staring & Chasing
show I had struck - head of some to what to go & to - down
surrounding of the office

6/9 Now 12 eggs - now 9 eggs [Subbata]

6/10 went to see the CLB. - var we of Carry -
another small pile near prep, inaccessible - in the camp
near CLB - found up prep up while shoots up of its open to -
extremely higher - a few in with posts & stems to be it down
Saw 1 look 175 feet - was up a Carry ridge, endeavoring to
mountain - has names

6/11 left main road, trud all day near & bottom to bluffs. toed by
a trailer we / saw 7 miles of tr - and a few men I truly instinctive
called Fat John [Frogman] built up new pine logs - just
sp. & grass in valley between

!!!

6/12 Left to & we came to another trail had 1 & 2 small skips
the smiths got as much as they could do to get the pieces; stays as
he is - a white man who is staying up there toed no they
had come to the road to see the fire [!]

Have also to look Sbs (ok email or CR) - var of Run
Have been

6/13 Jan man run on & Ox team - belly hurt - Wells howling
found another tip of stem of grass, Old of Brodie's Lake - what stack

6/14 Can to nr. below FL, in the middle park, find - name
thing - Wells. Got on a p. Can to to FL Jan 2-3; 6/14 - A
place, other best of alder, a pretty good view, Entry extremely
high, Wells 36 yellow, we called vegetation a name ?
where we came from up the up, man, we + +, white + black,
hd, m, ox - + cows, Books a very hard of that just, the
officers a gentlemanly + obliging, a couple small concessions in the
yard near the hospital, Put a letter in box of me from

1850

6/15 Brother Wells 6/17 6/18 La Brea to C - red sand, region

6/19 La Brea - Draper frag to acquaintance - Over C

6/20 Go to make concessions to family - there a 2-3 from here
broods some fresh of run, but their prices are so exorbitant
that we could to shop for miss - (5610d f up + you are
The book was + slow to turn

6/21 Final a book - 2 concessions - over - Monday

6/22 See a boat + Wells in - making \$5.50 apiece

6/23 Cholera reported to be over men dread - not while we
stayed - 4 or more times - Cap 3 in below with frag

6/24 find frag 1 hour to nr - Wells - Ms v + frag +
of \$5 per + di p had cattle 50c has - 4 boats could over
3 reps - more meanness + lyg grad - Es if firm of boat
lower hour, boat will + dangerous, man dread daily
San on Es also can up an NSP, they are rep to
route, hereafter could improve, a good, even bitten SS
Some crossy nr 3 X

6/25 IR - pen show a grass - pen of dome

6/26 DG - water dusted near of Brody of Es

6/27 Diabetes may not have any Es

6/28 Thru Camp women, press entered of fatal ferment

6/29 Just now see him in the quiet with frag

6/30 See Spr - find pen originally and Es

7/1 Can Oyke side - deserted of train

7/2 Oyke bitten - Strawley C

deaths

7/3 South gate of R.W. - turn north - deep - a better road
than the best kept road - Mo. - P.S. - Aug 5

7/14 On S, Little S + B.S. - 700 yd of 800 C road

7/15 Dyke's steel mine 1/6 log by

7/17 Dyke's bottom - to GR - co. road to boat \$60 per
in crossing up \$4 each - cross GR up in Fr. pass

7/18 7/19 7/20 Fine Bridges - 7/21 B.R.

7/22 wood floor, many pine 7/25 - can up of S. Foster + co
up the Loyal side - cut of no corn - we took L - in a log
fine road made of 1000 apparently to land by of ty on it
into VESL - down of etc, very fine - all land
belong to Land, see in take this to a contract

debate about N.S. trail - Santa Paul to 200 m
The measure, from old of patches - V. over the my low of
L.S. v. called to patch there

7/16, 17 + 18 - (can handle) some things any or sell anything but
dyes, coffee, beer + soap - I look to see create to - what time
can sleep + had go as if E on a bed of down.

7/19 took Dr. of Dyke + Co. + my bro + his wife, C. Woodruff etc +
started of S trail - had knife garden - boats - Salt Lake

7/20 Entaw Is from started degraded mine

7/21 7/22 down to me - to see log v. all water

7/23 fish my mare - down

7/25 + 7/27 LHO manner of topog [sectors]

7/28 in fact that on side of Mary's River - we had not full grass
sup + here v. - hammer

7/29 7/30 let's go down, - Santa Is this side

7/31 to 40 miles - no water - Shoshone show no water we

17 fault

8/1 8/2 to Mary's river - Santa? - plenty of logs, no grass -
in fact still up to 200 m of river, v. beautiful

8/3 put my data + blankets - by of all, Mr. Paul Print

8/4 Mr. P. open to carry my things there, thanks to his wife
for ~~the~~ 21. of 2 lbs. crackers - found beef - with 2000
25-30 mph

8/5 8/6 many of no use of power - clouds of dust - heat
epidemic - blue, with down + desolate - some circles of heat

8/8 take - doctors whose houses in station (prob of what man tried

of footy is - we - 1/2 miles - E's killing the catch to
live one - elipses live under about here

8/9 to haul her P - to haul her to C - 9 tons of 7 yr
in by base - sleep - but up - strange

8/10 fire - up Gabriel Dyke, to top 8/11 1/2 in heat
& load. (3 of elements)

8/13 downshar, frustrated - involved at a wage - we had
over & were late - checked - now - a "Sun" - one of the most
disgusting places - create - water bucket & full of coffee carcasses
we had fish in low, etc.

8/14 - low about Sun tree 8/15 - to down 40 in

8/16 To Salva trace Ruiz pieces of exhumed pieces - H. time
put by goal - a year multi - of Sun to low R at low
5000 a - 5000 dead stone - 1000 yrs + carriage abashed

later - 5000, hauled 16 mil base to down & seal -

8/1 - gal - 2 bot - yellow - down 3 quart -

find up floor of district for gratia, of city Jaca -

the Salva trace (Lama) - 2nd 2nd down 26 in

[Lowdown & to recover]

8/16 was run in foot - part of down / fail - no supply & distance
I spoke of a supply of sea the elipses - hauled dirty supply not
be are along by to share - some of the Dyke - to -
'Lee's to expect found

8/21 Long - 90 in of mine - certainly our new c dry - up
up the rock - the Red line

8/23 was of mine up of clothes & blanket - up snow mt, 3
has had labor - Snow banks 100' deep & 100 yr old for oxygen
I know - tragedy story - we a now long & general of
jumps tremors nearly out of rows -

8/24 - down story - Camp level - party truly to take.

8/25 ground here

8/26 with Haynes in Ranville - even more at many of other
to J-60

paper of
Smith + Co's Expense

[in pencil]

8/19 [first day out]

to the marble quarry - middle part of morning saw
many fossils of marble of Co. (Estell, Dams, Doughty)

all in honor of still marble of Co. of which many - previous

the part to of legs has to look the

8/20 8/21 and at road - 10/ nearly the pt see to roads of
Fitz, HCO + of SLC of a set of local units - we find some of Es
+ much diversity of fossils from 12. lbs - NF many a -

so the fossils to to hills

8/22 other down to us

8/23 upward of marble of 4 - job 5 Es in to road in had eye - they
had tried to only go by had of a part, + by the way the in had
Aulon, Bama, Stahl, Soule + ? of SLC

9/4 to Smith

9/5 group withdrawal of mine of chalan

- distance of SLC in south end of lake

X

5/20/50 left FL - cp of F of Stringer

5/21 Grantop - course of LT tubbs

5/22 5/23 On Nimitz - from Sloan Co of Richard Co. Otho
to V - some of Es, and G W Dye - cp in in Blue
vg tub 53 miles

5/24 Can up up Col. Estell's train - road - actual gain
- but don't ~~know~~ a new road due to barrier on Judge Bunt
some end of a few more - no room to pass ~~between~~ Es
plant at least 500 high - more column

5/25 went all day up to in case of illness of Col. Estell - opposite
Plant C

5/26 Sunday to Rock C - Col. Estell better of mud in chalan. called
to go on up to expense; to be no to be up to to.

5/27 Col still heard of to train all day had on the
chill - c - L B

5/28 - do to take mule train, break down & carry, LE go rapidly
up L B - 8 32 m ch, 50 mds

5/29 am Fkay noon - stream P. knot 12 m below - whole
ct appl cord up E₃ - Got a fine cut & reset at F - 4 hrs in
humbly next of officers

5/30 left Pkay c 1/2 am - found 302 up & tracks & pack em
paul Downy (2) & Lacalle of Weston - Downy train
40 miles - new low of E cos of working off. - Is scarce,
spread of choler

5/31 Can 50 m - found at least 500 traps & packing path
2 mounds of old traps - 2 cows - put in Bentley, Eng - sun
- so give appl to 8-10 m wide - wheel of tubs - new
they that tubs full - mangled

6/1/50 human - broke up relation of 2 to carry E - a mule
down men death of stupider, General of his load - hear of other stupider.
- B-munt - found some the parts of the bluffs, other bits of SP-P
or 2 m net of fms - started of up-fing - 20 30 m

6/2 July - black app, all checked off of B - even at find,
near mile wide - found 80 m E other days of Substation
45 mi - road can be better

6/3 full mule & diff - found heavy drag - 20 m from full / ch
its parts - to his inability plan of a splashed road - 20 m to
6 ft, a place up, rival in its way in to used - hear from of
Plate Ct & all, all low with of stupider of F₃ in hand -
around scattered on fls - so dire

6/4 up NF - heavy soil - I camp - 20 m

6/5 I am up 4 F₃ who sends to be put - parcel of the matter
all day - signs of Ct & cos, camp later than - 25 m

6/6 I wonder if us in sun of the most remarkable scene - to wood
CR stands calm scene to show - Bone-grap cotton & full
mud eye - so dire - effort to avoid being a mule of unbalanced
skeleton - line of natural formation - road will to keep
