We are going to be very busy and have 9/12 by 2 days and 5
mos - thousands & died by disease - would be so soon to
elephant from end to the other side no mistakes

Wheeler has kept a log of the prob content to & pub'd

and now 5/18 of the Plains - that plant part of war lay - up

PR, of route & of food. soon to FL here we saw some blps & some
white spots again. we went to P at the F. w/ some difficulties

When we arrived here the pony boot heel just broke loose - gave
down when I started then in some miles it broke down so the team
& 2 men, it lay with night, they & save them. the next day we
suggested a log box & pushed them in, took 2 up in pairs & took them
across a part on a time. 2 days to do this

FL

Left FL 6/19, Ct passes all the while, feed short & road narrow.
When it is used some, no grass - worked our way to SL - had up 9 days
& hardly touched the horns of cattle & we came in camp of Lincoln's grave. & we
were whole / part of again. 3 years cattle & the journey

Left then 7/20. 3 wps to HR, you find. redskins shot horses.
